

Mission

We exist because unreliable materials cost manufacturers time, money, and trust—and we're committed to ending that uncertainty, one TIGER product at a time.

We eliminate failure in critical applications by engineering precision-grade industrial components that industries can stake their reputation on.

Vision

To become the global benchmark for fastener reliability - where choosing TIGER means choosing zero compromise.

WHERE QUALITY
MEETS PRECISION

TIGER— our flagship brand, built for industries that demand reliability without compromise.

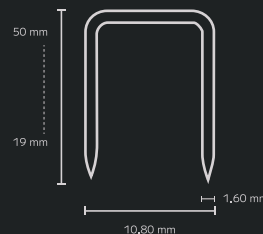

80 Series

Gauge: 21
Crown: 12.80 mm
Width: 0.95 mm

Thickness: 0.65mm
Length: 4-16mm
Material: Galvanized wire

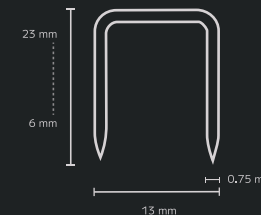

100 Series/N Series

Gauge: 16
Crown: 10.80 mm
Width: 1.60 mm

Thickness: 1.4mm
Length: 19-50mm
Material: Galvanized wire

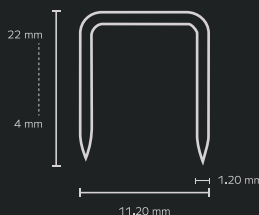

23 Series

Gauge: 22
Crown: 13.00 mm
Width: 0.75 mm

Thickness: 0.60mm
Length: 6-23mm
Material: Zinc plated wire

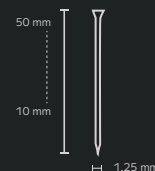

10J Series

Gauge: 20
Crown: 11.20 mm
Width: 1.20 mm

Thickness: 0.60mm
Length: 4-22mm
Material: Galvanized, Copper

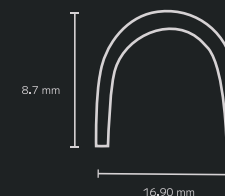

F Series

Gauge: 18
Length: 5-50mm
Width: 1.25 mm

Thickness: 1.00mm
Head: 2mmx1.25mm
Material: Galvanized wire

Hog Ring

Gauge: 16/15
Crown: 16.9mm
Length: 8.7mm

Diameter: 1.60mm
Material: Zinc plated wire

Zig Zag

Diameter: 4.0 mm
Bundle Weight: 4 Kg
Material: High Tensile Steel Wire
Process: Tempered and Oiled
Spring Type: Heavy-Duty Zigzag (Sinuous) Spring
